* Kanisa Fellowship has a proposed goal of purchasing a \$2.5 million multi purpose facility. The target of \$875,000 represents the deposit required which is based upon our conference guidelines of a 35% downpayment.

The years left category uses the most recent giving trends to determine the time remaining before we will achieve that goal. However we know that with God all things are possible and we trust this will happen in His time and in accordance with his will

If you wish to be a partner in ministry with Kanisa Fellowship you can mail cheques and money orders to our address "Attn Treasury dept". Please do not mail any cash. You can also take advantage of our online giving account. We know God will bless you as you continue to support His work
